Oer-Erkenschwick, April 7th, 2020

Dear Mrs. Mertens,
Dear Admission Committee,

Wolf Siegert and I share motorcycling as a common passion. In this context we first met in 2017, when Wolf carried out a test of one of our electric motorcycles to be published in his own channels IRIS Media and DaybyDay. Since then we have a very interesting exchange of thoughts regarding motorcycling in general and electric motorcycling in particular.

When Wolf approached me with his plans of the Fellowship at the Thomas Mann House and the corresponding trip on the trail of democracy on an electric motorcycle, we realized very soon that this would be a perfect combination of the right person and a contemporary vehicle.

It is not only Wolf's overwhelming professional skills, but also his character suitability and his commitment towards projects what convinces me, Wolf to be the perfect match for this challenge.

I really hope to be able to read Wolf's interesting reports of this outstanding project in 2021.

Kind regards

Ralf Czaplinski
Country Manager GER/A/CH/CEE
